

# Configure Live Mesh Auto-Start Option

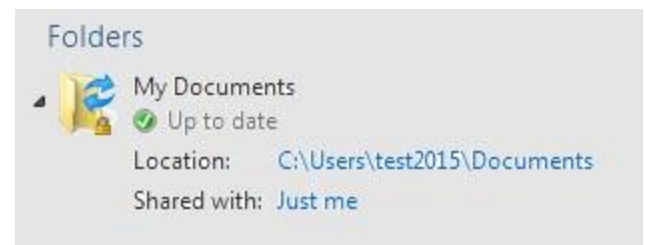

1. Start Windows Live Mesh from **Start Menu > All Programs > Windows Live > Windows Live Mesh**. Note: If you are shown a **Status** screen, skip to step 6.

2. Enter your full PNWU email address and your current network password.
3. Select **Remember my ID and password**.
4. Select **Sign me in automatically**.
5. Click **Sign in**.

6. Expand the entry labeled **My Documents**.  
Note: If the Live Mesh window is not open, double-click the Live Mesh icon  in the system tray.

7. The location should be listed as **C:\Users\<your username>\Documents**.
8. Your current storage usage can be checked by clicking the **SkyDrive synced storage** link.
